

Full-Stack developer

Frost is expanding. We are looking for a positive, creative and quality driven developer with an extra crush on client side development. You should have a few years of experience and a track record of several web and/or mobile app projects.

The job is flexible and varied. Most of the work as a team and develop in-house projects. At times you will work as a consultant at the clients office.

Apply for the job. Send a mail to hello@frostdigital.se if you want to develop as a person, have fun and work in an open, creative environment.

Frost is a digital agency based in Stockholm, Sweden. We take on inhouse-projects, offer consulting services and build our own products.

Our office is located on Kungsholmen in a modern, newly renovated building.
